Hyderabad, India

SUMMARY

ServiceNow HRSD Consultant with 2+ years of experience delivering scalable HR solutions across HR Case Management, Lifecycle Events, and Employee Center (EC Pro). Strong expertise in Flow Designer, IntegrationHub, and Glide API for workflow automation, along with secure REST/SOAP integrations. Proven ability to streamline HR operations, improve self-service adoption, and enforce data security through ACL and RBAC. Certified CSA and CIS–HRSD.

EXPERIENCE

- **CPrime (INRY)** Hyderabad, India
Associate Consultant – ServiceNow HRSD *Feb 2024 – Present*
 - **HRSD Implementation:** Delivered end-to-end HR Case Management solutions including Lifecycle Events and ESC, improving service efficiency and user experience.
 - **Workflow Automation:** Designed and implemented automated workflows using Flow Designer and IntegrationHub for approvals, notifications, and SLA-driven escalations.
 - **Backend Engineering:** Developed Business Rules and Client Scripts leveraging Glide API to enforce business logic and optimize HR processes.
 - **Service Catalog:** Built and optimized Record Producers and catalog items enabling scalable HR self-service operations.
 - **System Integrations:** Implemented REST/SOAP integrations ensuring seamless and secure data exchange with external HR systems.
 - **Security:** Configured ACLs and RBAC for secure access control.
- **DRDO** Hyderabad, India
Engineering Intern *Apr 2023 – Jun 2023*
 - **Process Optimization:** Improved workflow efficiency by 20% through optimized backend scripting.
 - **System Validation:** Ensured reliability and accuracy of workflows through validation of configurations.

PROJECTS

- **HR Service Delivery Implementation:** Built HR case management solution with SLA tracking and workflow automation.
- **HR Automation Portal:** Designed onboarding/offboarding workflows using Record Producers with validation and role-based access control.

SKILLS

- **ServiceNow:** HRSD, HR Case Management, Lifecycle Events, ESC, Service Catalog, ACL, RBAC, Knowledge Management, EC Pro, NowMobile
- **Development:** JavaScript, Glide API, Business Rules, Client Scripts
- **Automation:** Flow Designer, IntegrationHub
- **AI:** Agentic AI, RAG, Prompt-Tuning, Conversational Flows
- **Integrations:** REST APIs, SOAP
- **Languages:** JavaScript, SQL, HTML, CSS
